Company Overview

Zanondalo (Pty) Ltd is a dynamic and forward-thinking construction company based in KwaZulu-Natal, South Africa. With a strong commitment to excellence, we specialize in delivering high-quality infrastructure projects that make a positive impact on communities and contribute to the nation's development. From residential and commercial buildings to civil works and community facilities, our team brings expertise, dedication, and a passion for quality to every project we undertake.

We also excel in procurement, supply, and delivery of medical supplies and other products, ensuring reliability and efficiency across all sectors. Our robust supply chain management capabilities enable us to source and deliver essential products—from pharmaceuticals and medical equipment to construction materials and general goods—with speed, accuracy, and full compliance. This dual capability makes us a versatile partner capable of meeting diverse client needs.

Zanondalo continues to grow as a trusted partner in building a brighter future for KwaZulu-Natal.

A yellow and grey road roller is shown from a low angle, paving a road with gravel. The machine is moving from left to right, leaving a fresh layer of gravel behind it. The background shows a clear sky and some distant trees.

Your trusted
partner in quality
construction and
engineering.

“Your trusted
partner in infrastructure
and empowerment,

Delivering quality projects
that transform
communities.”

Vision, Mission & Core Values

OUR MISSION

To deliver high-quality infrastructure and reliable supply solutions that drive economic development and empower communities, while maintaining the highest standards of professionalism, safety, and integrity.

OUR VISION

To be the leading construction and supply company in KwaZulu-Natal, recognized for excellence, integrity, and meaningful community impact.

OUR CORE VALUES

Our operations are driven by a set of core principles that define our culture and approach:

- **Integrity:** We operate with honesty, transparency, and accountability in all our dealings.
- **Excellence:** We strive for perfection in every task, from laying a foundation to managing a multi-million Rand project.
- **Safety:** We are committed to Zero Harm. The health and safety of our employees, subcontractors, and the public is our top priority.
- **Innovation:** We embrace modern construction methods, green technologies, and engineering best practices to solve complex challenges.
- **Empowerment:** We are passionate about transforming the construction industry through skills development, local procurement, and youth employment.

Our Services

SERVICES OVERVIEW

Comprehensive Solutions

Zanondalo (Pty) Ltd operates through two distinct but complementary service divisions, providing comprehensive solutions that meet the diverse needs of our clients across KwaZulu-Natal.

Our Construction Services division delivers quality infrastructure projects across residential, commercial, civil works, and community development sectors, backed by our CIDB Level 1 CE and Level 3 GB certifications.

Complementing this, our Supply & Delivery division ensures reliable procurement and distribution of medical supplies, construction materials, and general products, supported by robust logistics and supply chain management capabilities. Together, these two divisions make Zanondalo a versatile and trusted partner capable of delivering integrated solutions from concept to completion.

Construction Services

At Zanondalo (Pty) Ltd, we deliver reliable, high-quality construction solutions designed to meet the needs of both public and private-sector clients. Based in KwaZulu-Natal, we combine technical expertise, skilled workmanship, effective project management, and a strong commitment to safety and quality across every project.

Our Construction Services

Building & General Construction

We undertake residential, commercial, institutional, and community building projects, from new developments to renovations and extensions. Our focus is on durable construction, quality finishes, and professional project delivery.

Civil Engineering & Infrastructure

We provide civil construction services supporting the development and maintenance of essential infrastructure, including roads, stormwater systems, drainage, earthworks, and related civil works.

Roadworks & Earthworks

Our capabilities include site preparation, excavation, earthmoving, bulk earthworks, road construction, rehabilitation, and associated infrastructure works.

Renovations & Maintenance

We provide building renovations, refurbishments, repairs, and planned maintenance services to improve, restore, and extend the lifespan of existing facilities.

Community & Public Infrastructure

We support projects that improve local communities, including community facilities, public buildings, infrastructure upgrades, and other developments that contribute to sustainable social and economic growth.

Project Management & Construction Support

From planning and coordination to execution and completion, we manage projects with a strong focus on quality, cost control, timelines, compliance, and client satisfaction.

Quality. Reliability. Delivery.

Zanondalo (Pty) Ltd approaches every project with professionalism, accountability, and attention to detail. We work closely with clients, consultants, suppliers, and stakeholders to ensure that projects are delivered safely, efficiently, and to the required standards.

Supply & Delivery Services

At Zanondalo (Pty) Ltd, we provide dependable procurement, supply, and delivery solutions with a strong focus on medical and healthcare supplies. Our goal is to ensure that healthcare institutions, government departments, private organisations, and other clients have reliable access to essential products when and where they are needed.

Through effective supplier networks, procurement expertise, and supply chain management, we source quality products while prioritising compliance, efficiency, accuracy, and timely delivery.

Medical Supplies

We specialise in the sourcing and supply of a broad range of healthcare and medical products, including:

- Medical consumables and disposable supplies
- Personal protective equipment (PPE)
- Surgical and examination supplies
- Wound-care products and dressings
- Diagnostic and laboratory supplies
- Medical equipment and devices
- Hospital and clinic supplies
- Infection prevention and control products
- Cleaning and hygiene products for healthcare environments
- Patient-care and general healthcare products
- Procurement & Sourcing

Our procurement capabilities allow us to identify suitable suppliers and source products according to specific client requirements, quantities, specifications, and delivery schedules. We focus on dependable sourcing and maintaining strong supplier relationships to support consistent product availability.

Supply & Delivery

We provide an end-to-end supply and delivery service, coordinating the movement of products from approved suppliers to the required destination. Our approach is designed to minimise delays, maintain order accuracy, and ensure that clients receive the right products at the right time.

Our Portfolio

Health, Safety, Environment & Quality (HSEQ)

Our Commitment to Safety

At Zanomdalo, we believe that no project is worth a life. Our safety management is rigorous, proactive, and embedded in our culture. We strive for Zero Harm and Zero Incidents across all our sites.

HSEQ Policy

Our HSEQ policy is aligned with the ISO standards and South African legislation:

- **Safety (OHS Act):** We appoint 30.1 and 30.2 Construction Safety Officers to manage site-specific risk assessments (HIRA). We enforce strict PPE compliance, toolbox talks, and medical surveillance.
- **Environment:** We conduct Environmental Impact Assessments (EIA) where required and implement measures to manage erosion, dust, noise, and waste.
- **Quality:** We implement a Quality Assurance/Quality Control (QA/QC) plan for every project, ensuring materials are tested and workmanship is verified against SANS standards.

Risk Management

We utilize a proactive risk management approach to identify potential delays (e.g., weather, supply chain) and mitigate them before they impact the project. This ensures project viability and protects our clients' investments.

Why Choose Us

WHY CHOOSE ZANONDALO (PTY) LTD?

Choosing the right contractor is critical. Here is why Zanondalo is the preferred partner for infrastructure development:

- **Financial Strength:** We have the financial backing to handle large-scale projects without cash flow interruptions.
- **Single-Source Responsibility:** With our ability to do building, civil, and electrical work, we reduce your risk and coordination headaches.
- **Empowered & Compliant:** Our 100% Black ownership and Level 1 BBBEE status help you meet your own procurement targets.
- **Safety Record:** Our stringent safety protocols protect your reputation and our workforce.
- **Local Expertise:** As a Durban-based company, we understand the local labor market, material costs, and municipal regulations.

Our Promise to You

We promise to approach every project with integrity, delivering high-quality infrastructure that leaves a lasting legacy.
